

BRONZE SERIES WATERJET CUTTING SYSTEM

ROMEIO ENGINEERING'S BRONZE SERIES WaterJet Cutting Systems provides all advantages of WaterJet Technology in an affordable package. Capable of cutting almost any material from foam to super alloys and engineered composites.

Romeo Engineering provides premium Turn-Key systems manufactured to machine tool standards.

Standard Features

- Closed Loop Servos on all programmable axes
- Precision Guide Rails with 4-point ball contact for rigidity
- PC Based Controller designed for WaterJets
- NEMA 12 enclosure with Fan Kit
- CAD/CAM Software
- Feature Rich Software
- Control—2 1/2 Axes
- Work Envelope—4x8 or 5x10 or 6x12 feet
- Accuracy +/- 1/32 inch
- Repeatability +/-0.015 in
- Rapid Traverse Speed - 1000 ipm
- Cutting Pressure - 60,000 psi
- High-Load Cutting Bed
- Reinforced Steel Tank to absorb Kinetic energy of stream

Optional Features

- Product Feed Conveyor
- Auto "Z" Axis Retract
- Tank Cleaning System
- CAD/CAM Program Generation
- Hand Held Pendant
- Corplast Grating Cutting Bed
- WaterJet Intensifier Sizes
